

BUGOLINI Quartz Watch Manual

What is a quartz watch?

A quartz watch uses an electronic oscillator powered by a battery to keep time. This oscillator ensures extremely precise timekeeping.

What's included in the box

- 1x BUGOLINI quartz watch
- 1x User manual

Features of the watch

- Quartz movement (battery-powered)
- Displays hours, minutes, and seconds
- Water resistance depending on model (3 ATM, 5 ATM, or 10 ATM)
- Mineral glass: scratch-resistant
- Stainless steel case and band

How to set the time

1. Gently pull out the crown (the small knob on the side) to the first click.
2. Turn the crown clockwise or counterclockwise to set the correct time.
3. Push the crown back in to start the watch.

Note: Do not set the time while underwater to avoid water damage.

Battery information

- The battery typically lasts between 18 and 24 months, depending on usage and model.
- If the second hand starts to jump or skip, it likely means the battery is running low.
- Replace the battery through a certified watchmaker or jeweler.

Maintenance tips

- Store the watch in a dry place away from direct sunlight.
- Avoid extreme temperatures and strong magnetic fields.
- Clean the case and band regularly using a soft, dry cloth.
- Never use aggressive cleaning agents.
- Have your watch checked annually for optimal performance.

Water resistance

BUGOLINI watches are designed with different levels of water resistance. Check your model for its rating:

BUGOLINI Quartz Watch Manual

- 3 ATM / 30M: Resistant to rain, hand washing, and splashes. Not suitable for showering or swimming.
- 5 ATM / 50M: Suitable for showering and brief swimming, but not diving.
- 10 ATM / 100M: Suitable for swimming and snorkeling, not for scuba diving.
- 20 ATM / 200M: Suitable for deeper water sports like non-tank diving.

Always refer to your watch's specifications before exposing it to water.

Warranty

BUGOLINI watches come with a 2-year international warranty covering manufacturing defects. This does not cover damage caused by misuse, water ingress, or physical impact.
